• Teamwork
• Conscientiousness
• Responsibility
• Desire to learn
• Problem solving
• Optimism
• Critical thinking

LANGUAGES

• English - Pre-intermediate
• Ukrainian - Native

SUMMARY

Python and JavaScript Software Developer eager to learn, grow skills, and actively contribute to team success. Experience with web frameworks like FastApi, Django, React, Node and Flask. Excellent written and verbal communicator. Eager to join a collaborative team focused on work that makes a difference. I have worked on technologies like Python, JavaScript, TypeScript, Django, FastApi, Flask, React, Node, MySQL, PostgreSQL, MongoDB, RabbitMQ, HTML5, CSS, OpenAI, Speech2Text, VoiceRecognition.

PROJECT EXPERIENCE

Django project "nasha-firma.od.ua" | Sep 2023 - Dec 2023
This project is a real website on the Internet, which was carried out for the purpose of training and helping my friends in the development and maintenance of business.

FastApi project "nasha-firma" | Jan 2024 - Feb 2024
Already implemented functionality FastApi:
• this is a good Fastapi project
• error handler
• healthchecker - for check DB status
• authentication JWT mechanism
• forget password mechanism

FastApi project "LLM Chat Bot" | Oct 2023 - Jan 2024
Developed a convenient personal chatbot: "LLM Chat Bot,". This innovative tool not only reads and recognizes documents but also features voice recognition for natural interactions. "LLM Chat Bot". This project uses technologies such as: FastAPI, Streamlit, PostgresSQL, Docker, OpenAI, Speech2Text, Faiss, Git, LangChain, Cloudinary, Redis, YoutubeVideoLoader.

DRF project "nasha-firma" | Nov 2023 - Dec 2023
• This project is implemented using Django Rest Framework.
• The project implements the possibility of registration, authorization via JWT token and ordering products from restaurants and cafes.
• Made some useful features for a specific case.

WORK EXPERIENCE

Freelance website development
"nasha-firma.od.ua" | October 2023 – January 2024
• using the Django framework
• using PostrgeSQL database
• authentication and authorization
Lead developer: development from start to finish
